That resignation made your heart weak.
I was already thinking that I had no allies.
How...
did you know I was here?
But we could hear it...
the roar of the sleeping beast in you!!
The power of your beast called out to us!!
Ghelda, let's go together!

An aura to call out to allies...
So easy to pushover
Ghelda's so cute~

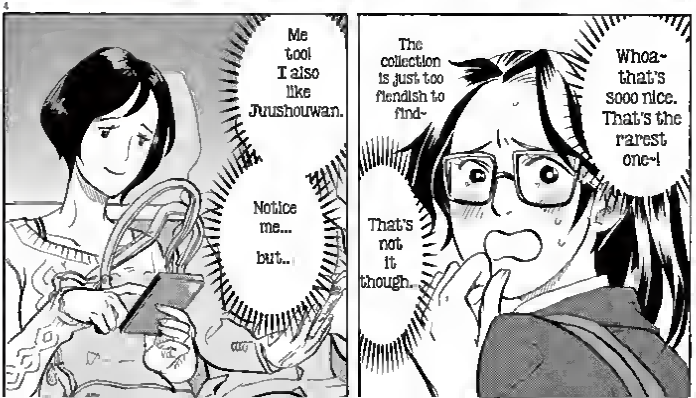
I also want to release an aura...
Hello there. This is Nakamura, A 'TokuOta' who now desires to have an aura.

Chapter 4:
The Great Mascot
Operation

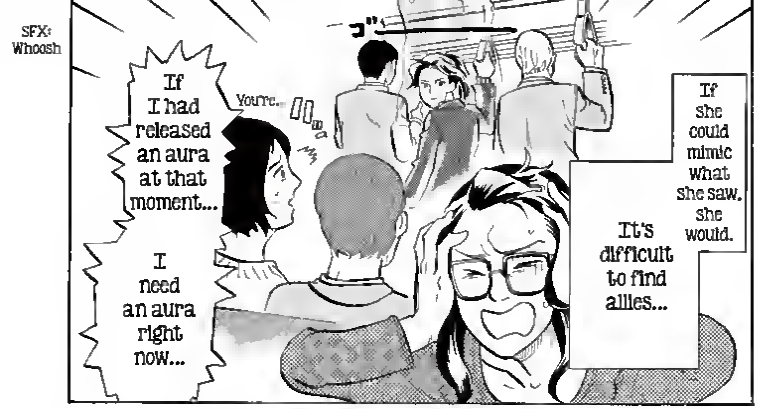
What does that woman have dangling over there? Could it be...
—because a few days ago, you see...
Juushouwan capsule toy
Ball #1 Shishileo Beast costume 'Engine' mode
Th-that's it!
Oh?
Juushouwan keychain ball #1 of the Fierce Fighting set: Shishileo Engine Mode!
Otaku point
When one sees a figure, put on glasses



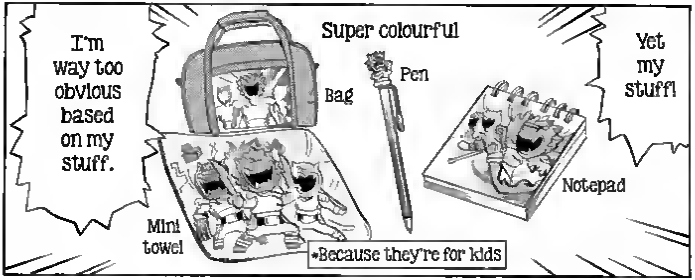
Me too! I also like Juushouwan.
Notice me... but...
The collection is just too fiendish to find-
That's not it though.
Whoa~ that's sooo nice. That's the rarest one~!

I
don't have a single thing to make her notice me...!
Normal society member style
The otaku's greatest dilemma...
'I want friends but I don't want to reveal my powerlevel!'
That was surely the mentality of the secret Christians.
That's right
Well, to be accurate, it's correct to say 'I can't get a single thing' though...

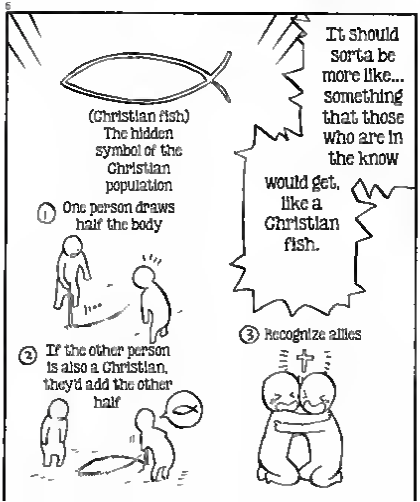
But if you do carry it, people will find out you're a Christian...
If you don't carry the cross, you won't find allies.



SFX: Whoosh
If I had released an aura at that moment...
I need an aura right now...
You're...
It's difficult to find allies...
If she could mimic what she saw, she would.



I'm way too obvious based on my stuff.
Super colourful
Bag
Pen
Yet my stuff!
Notepad
Mini towel
*Because they're for kids



(Christian fish) The hidden symbol of the Christian population
1 One person draws half the body
2 If the other person is also a Christian, they'd add the other half
It should sorta be more like... something that those who are in the know would get, like a Christian fish.
3 Recognize allies

Adults ain't supposed to buy this sort of stuff!
Aaaghh
There's just nothing there that they'd like!
I'm someone who would like some support here

I always wanted allies...
I'll... come along with you guys.
I also want allies, Chelda...
I went out with Mako-chan during the holiday a few days back~
Yes?

That woman also had a strap figure so I can go with that~
No, but well...
Naka-mura-san.
They're cookies~
Here's a souvenir~
Milk

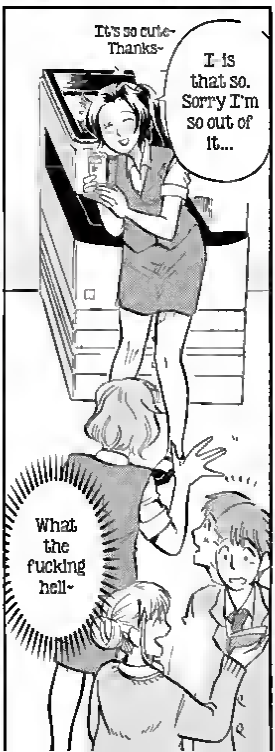
Cocoa & Milk cookie

We bought you a present and it took us an hour to line up for it!
So mean!
MimiNana is so in right now.
What are you saying, Nakamura-san?
Huh!?
So nostalgic
They still exist.
It's Mimi and Nana.

But my mom bought these for me
MimiNana?
So lame
What the hell is this nonsense
When I put those on as slippers in grade school, they ridiculed me so much!



It's so cute~ Thanks~
I- is that so. Sorry I'm so out of it...
What the fucking hell~

How can they carry that around so boldly?
Gyaaa, so cuute. I'm going next time as well!
We were able to buy this limited edition pouch~
Damn it.

She attached this because it's hard to find her apartment keys
I'm constantly holding back my desire to put my beloved tokusatsu on...
The fuck's this
Nakamura-san, I see you like these cute things... It's a little surprising since you're always
This... mysterious keychain that I got...

Oh.
Nakamura-san, what's that?
Uhh...
I don't know either

That's a civil mascot, right?
So cuute~
!?
I,

So is that it!?
I see!!
What I needed wasn't a practical appearance.
Because it was something I got, I was also hesitating on a rough spot to put it on top of deciding whether to throw it out or not.
うおおお
All my problematic keychains,
lend me your strength!

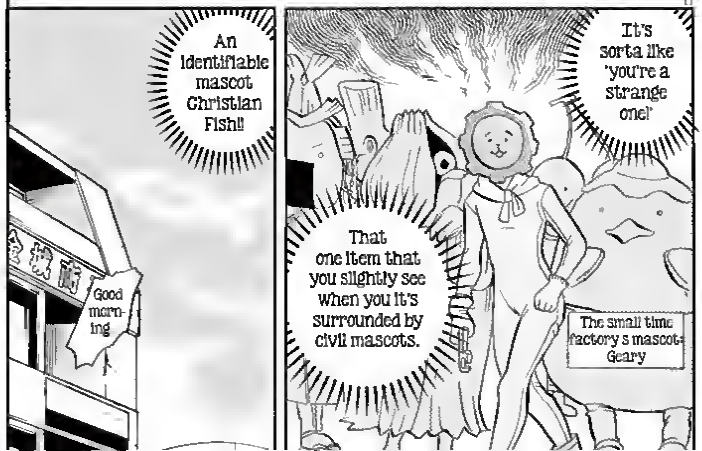
Okay it should be around...

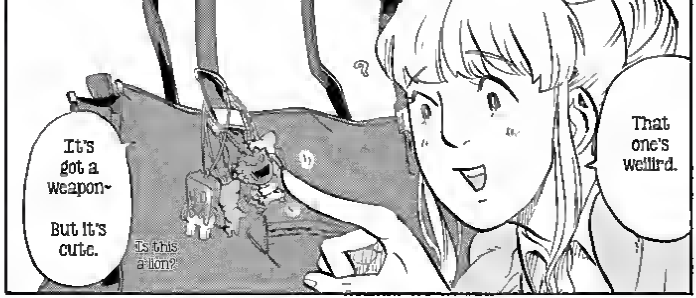
I'm Miinyaa
I'm x=/+
I'm Shishi leo
I'm a koala
It can work.
This will barely pass as a civil mascot.
If I do this,



An identifiable mascot Christian Fish!!
Good morning
That one item that you slightly see when you it's surrounded by civil mascots.
The small time factory's mascot Geary
It's sorta like 'you're a strange one!'

HIT!
Naka mura-san.
Oh.
You've got quite a lot of them.
I put on too much~
INCL
You've got a bunch of them here~
There's no room to put on any more.
Now.

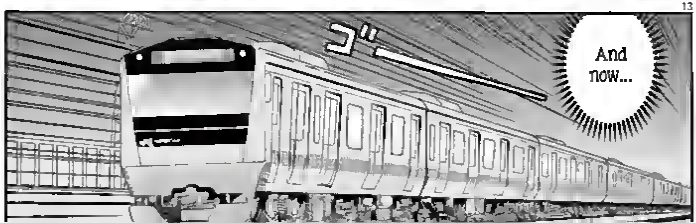
Can this work...
Nakamura the walking stick
Can this work...!?
Oh.
Yes?



That one's weiiird.
It's got a weapon~
But it's cute.
Is this a lion?

I made her say that it's cute...
She praised it without knowing what it was...
Fujita san, copy this
Sure~

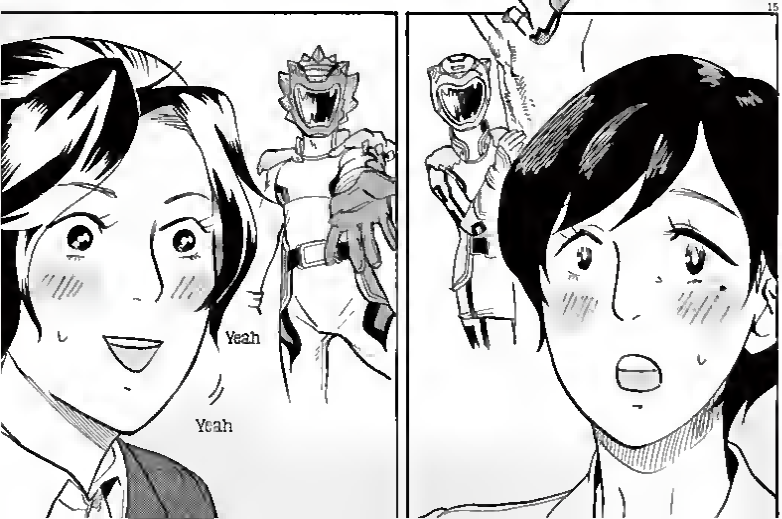
We did it!
Yes...
yes...!!
Hmm, they're cute~
You like the animal types~? Me too~
I like bunnies~



And now...

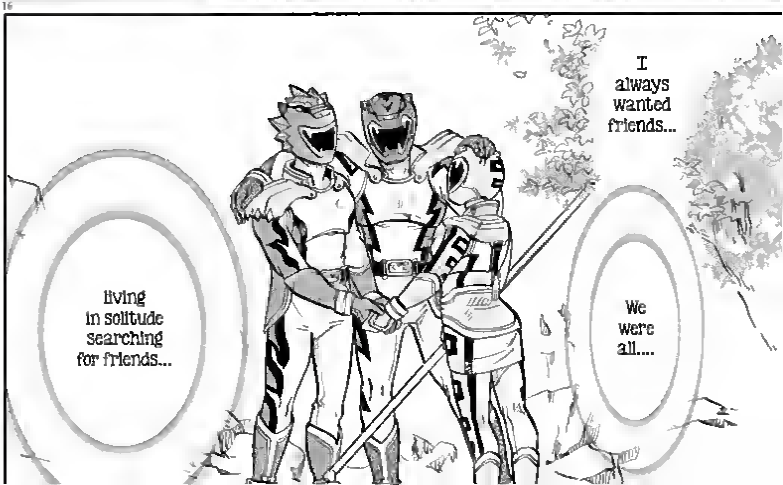
will she notice me or not...
That woman.
That resignation made your heart weak.
I was already thinking that I had no allies...
There's no such thing as an aura in the real world, but...
14
Fight!
The true motive of that episode was that if you give up, nothing will come of it!!
It's fine... She'll definitely notice.

JINGLE
Look.
When an otaku finds keychains, she cannot help but check.
•Nakamura's personal opinion



Yeah
Yeah

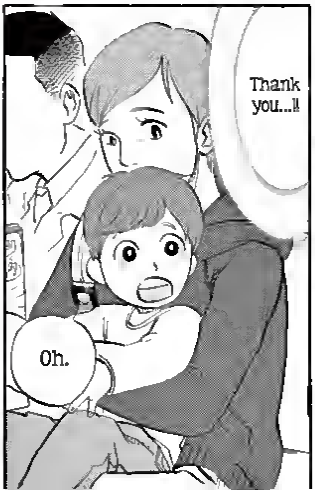
She got it!



I always wanted friends...
living in solitude searching for friends...
We were all....

There's no such thing as an aura,
but we definitely won't miss out on a sign for friends.

And even though I stuck something grand on, no one says a thing.
YES!!
This feeling of release!
I knew that sticking some stuff on would make a real difference.
Yeah!
*She wasn't doing anything grand



Thank you...!!
Oh.

Thank you, god of mascots!
The mascot Christian Fish was a great success!
God of Romance
God of Mascots

It's Shishileo!
Eli, Eli, Lema Sabachthani?
Hey, hey do you watch Shishileo?
Adults watch that too?
Who do you like the most?
Did you see Chelda appear a few days ago?
ゴクッ
